

Current Policies

Travelers entering Pakistan

The WHO has declared COVID-19 a pandemic. Currently, the Government is making all-out efforts to deal with a rapidly evolving situation which is a challenge, not only for Pakistan but the whole world – and ensuring that we take proactive, comprehensive, and coordinated steps to bring back our nationals who wish to return to Pakistan.

For International Travelers, please view the detailed travel guidelines by clicking [here](#). The complete SOPs for traveling to Pakistan can be found on the page [here](#).

Travelers entering Pakistan must:

- o Provide traveler contact information through:
 - o The PassTrack mobile app or
 - o An accessible web-based form
- o Undergo screening by a health official
- o Provide a certificate of negative COVID-19 RT-PCR test (see below)

Mandatory COVID-19 RT-PCR required prior to travel

Starting **5th October 2020**, all International Travelers coming to Pakistan have to follow these instructions, Countries in **Category B & C** will require a mandatory negative COVID-19 RT-PCR test that has to be taken within **72 hours** of the travel date, and the countries in **Category C** are restricted and are only allowed as per guidelines by **NCOC**.

Updated List effective from 13 August 2021

Category B Countries

Inbound International Travelers are required COVID-19 PCR test before commencement of travel to Pakistan

All Countries not specified in Category **C**, fall in Category **B**

Category C Countries

International Travelers from countries in Category **C** are restricted and only allowed as guided by **NCOC** decision

| 5 | Guatemala | 13 | South Africa |
| 6 | Iran | 14 | Thailand |
| 7 | Iraq | 15 | Tunisia |
| 8 | Libya | | |

Pass Track App

Use this mobile app to speed up your arrival process in Pakistan and spend less time with immigration and public health officers. Submit your information easily and securely using the app within 48 hours before arriving in Pakistan.

The app helps you to:

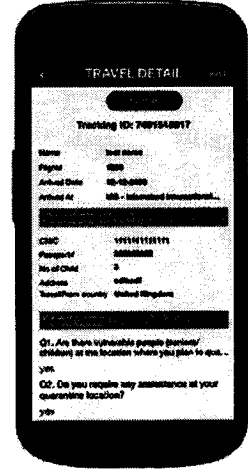

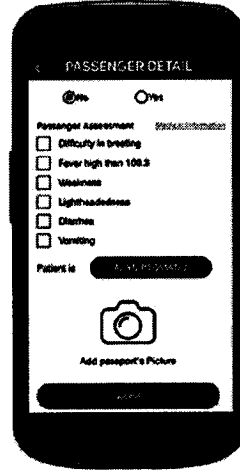

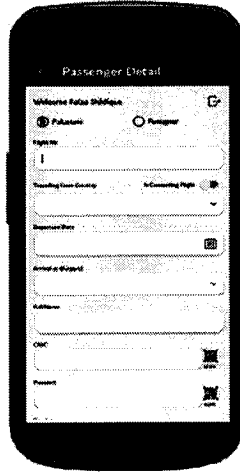

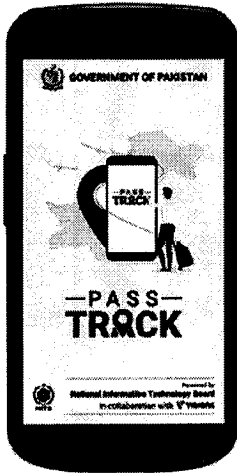

- o Provide mandatory information that's required for entry into Pakistan
- o Reduce your wait time and points of contact at the airport
- o Provide the Government of Pakistan with voluntary updates and the development of any symptoms during the 14 days after arriving in Pakistan.
